

## **CDC: Covid 19 Materials for People with IDD**

<https://www.cdc.gov/ncbddd/humandevelopment/COVID-19-Materials-for-People-with-IDD.html>

Choose from videos, posters, social stories, and interactive activities to best meet your communication needs. These materials (also available in Spanish) will cover 5 basic topics: getting the COVID-19 shot, washing your hands, getting a COVID-19 test, as well as wearing a mask and keeping a safe distance until you have gotten your shot. Also caregiver and provider tip sheets.

## **NC Council on Developmental Disabilities: COVID-19 Resources for People with Disabilities**

<https://nccdd.org/covid-19-resources.html>

The latest news, information, webinars and resources from North Carolina. Coronavirus information designed for specific audiences, including Education Resources, Self-Advocates, Direct Support Professionals, Families, Individuals with Disabilities & Stakeholders, and General Community.

## **Disability Information and Access Line**

<https://acl.gov/DIAL>

- Help find local vaccination locations.
- Assist with making vaccination appointments.
- Connect callers to local services – such as accessible transportation – to overcome barriers to vaccination.

## **Alliance of Disability Advocates: COVID-19 Vaccine Contact Form**

<https://adanc.org/vaccine/>

The primary purpose is to address any concerns or questions someone may have about getting the vaccine and working with them to get vaccinated. We are only able to provide assistance to individuals residing in the following Counties:

Wake

Durham

Johnston

Orange

Franklin

## **ASAN Autistic Self Advocacy Network**

<https://autisticadvocacy.org/2021/06/this-is-our-shot-to-stay-safe-from-covid-19/>

Easy read and plain language explanations in English and Spanish, more in-depth than the CDC information. A vaccine game plan, plus more links.

**SARTEC Self Advocacy Resource and Technical Assistance Center**

<https://www.selfadvocacyinfo.org/resource/covid-19-vaccine-information-in-plain-language/>

This 4-page booklet was created by and for people with intellectual disabilities. It is written in plain language. It includes basic information people need to know about the COVID-19 vaccine.

**TEACCH Autism Program. TEACCH Tip #17 Covid Testing**

[https://teacch.com/resources/teacch-tips/17\\_covid\\_testing\\_prep/](https://teacch.com/resources/teacch-tips/17_covid_testing_prep/)

This tip will give some helpful hints to help an individual with autism know what is going to happen when they get tested for COVID-19 and give them strategies to cope during the process.

**Georgia Tech Center for Inclusive Design and Innovation.**

<https://cidi.gatech.edu/covid>

Resources by accessibility type (braille, accessible word documents and PDFs, American Sign Language, easy read, videos), archived webinars.

**Possible child care options and transportation**

<https://www.vaccines.gov/incentives.html>

The first 2 options on the link have passed the deadline date of the program, but the 3rd one is still open. Also a link for Lyft and a number for Uber, possible free ride to vaccination site.

**Administration for Community Living: Covid 19 Response**

<https://acl.gov/COVID-19>

For people with disabilities, older adults, and Covid Related Disabilities. Includes a "What's New" update section (Social Security Administration, Centers for Medicaid and Medicare Services, etc)
